Return of Premium	√	√	√	√
Income Protection Cover	√	√	×	√

[%]Available on payment of additional premium for Female life insured only.

You shall choose one Plan Variant at the inception of the policy. The option once selected cannot be changed at a later date. Premium payable will vary depending upon the Plan Variant, Premium Payment Term, Policy Term and Premium payment mode chosen.

Let us look into all these Plan variants in detail:

S.No	Variant	Brief Summary
1	Regular Cover	Under this plan variant, the Base Sum Assured chosen at inception will remain level throughout the term of the policy. In case life assured dies during the policy term, the Guaranteed Death benefit shall be payable and policy terminates thereafter. This plan variant is also available for policies sourced as POS product.
2	Smart Cover	Under this plan variant 150% of base sum assured is payable in case of death of life insured within first fifteen policy years and 100% of base sum assured is payable in case of death of life insured after first fifteen policy years.
3	Return of Premium	Under this plan variant, the Base Sum Assured chosen at inception will remain level throughout the term of the policy. In case life assured dies during the policy term, the Guaranteed Death benefit shall be payable and policy terminates thereafter. In case of survival of life insured till the end of policy term, 100% of the total premiums paid (plus underwriting extra premiums paid plus loading for modal premiums, if any), will be payable. This plan variant is also available for policies sourced as POS product.

S.No	Variant	Brief Summary
4	Income Protection Cover	Under this plan variant, in case of death of life assured during the policy term, provided the policy is in force, the Guaranteed Death benefit will be payable in the form of 'monthly income applicable at the time of death' commencing from the end of the policy month on or after the date of intimation of death and continue for each policy month till higher of 120 months or the outstanding term in months. Where outstanding term in months is equal to number of whole months from the date of death to the end of the Policy Term. The policyholder will have the choice to opt for either 'Level Income' or 'Inflation proof Income' options. The 'monthly income applicable at the time of death' will depend on the option chosen by the policyholder and the same has been defined below: • Level Income: 'monthly income applicable at the time of death' is equal to the monthly income chosen at inception. • Inflation proof Income: 'monthly income applicable at the time of death' is equal to the monthly income chosen at inception increased by 10% every 3 years (simple interest) from inception capped at 200% of the monthly income chosen at inception. After the death of the Life Insured, there shall be no increase in the income under this variant.

How does this plan works?

Variant 1- Regular Cover

Tarun a non-smoker, 30 year old doctor wants to safeguard his family from financial uncertainties that could arise of his untimely demise. He purchases Axis Max Life Smart Term Plan Plus *Regular Cover variant*, for a sum assured of Rs. 2 Crores and chooses a policy term of 40 years and pays Rs. 22,554 as annualised premium for the entire policy term.

In case of his unfortunate event of death during 30th policy year, a lump sum death benefit of 2 Crores shall be payable to the beneficiary and the policy will terminate thereafter.

Variant 2 - Smart Cover

Rahul a non-smoker, 30 year old advocate working with a legal firm wants to safeguard his children's future from financial uncertainties that could arise of his untimely demise. He purchases Axis Max Life Smart Term Plan Plus *Smart Cover variant*, for a base sum assured of Rs. 2 Crore and chooses a policy term of 25 years and chooses to pay Rs. 34,168 as annualised premium for 10 years.

In case of his unfortunate event of death the Sum Assured on Death will be 150% of base sum assured in case of death of life insured within first fifteen policy years and 100% of base sum assured in case of death of life insured after first fifteen policy years.

Variant 3 - Return of Premium

Hitesh a non-smoker, 30 year old IT professional wants to safeguard his family from financial uncertainties that could arise of his untimely demise in future and is looking for a plan where he can get his Total Premiums Paid back at the end of the policy term in case of no event of his death and non-diagnosis of any Terminal Illness. He purchases Axis Max Life Smart Term Plan *Return of Premium variant*, for a base sum assured of Rs. 1 Crore and chooses a policy term of 40 years and chooses to pay Rs. 43,095 annualised premium for 15 years.

Let's understand how the Death Benefit will be payable under this variant with the help of two different scenarios.

- **Scenario 1:** In case of an unfortunate event of the death of Mr. Hitesh during the chosen policy term, death benefit equal to the Base Sum Assured of 1 Crore will be payable to the beneficiary and policy will terminate thereafter.
- **Scenario 2:** In case of the survival of Mr. Hitesh till the end of policy term, 100% of the total premiums paid Rs. 6,46,425 will be payable to him.

Variant 4 - Income Protection Cover - Level Income

Praveen a non-smoker, 35 year old university professor wants to safeguard his family from financial uncertainties that could arise due to his untimely demise and is looking out for a plan that could provide a level monthly income to his nominee(s) to ensure the similar level of financial stability during his absence. He purchases Axis Max Life Smart Term Plan Plus *Income Protection Cover variant*, for Rs. 1Lac as Level 'monthly income applicable at the time of death' with policy term of 40 years and pays Rs. 27,094 annualised premium for the entire policy term.

In case of an unfortunate event of his death during the 5th policy year, the Sum Assured on Death is higher of 120 times 'monthly income applicable at the time of death' or 'monthly income applicable at the time of death' times outstanding term in months. Where outstanding term in months is equal to number of whole months from the date of death to the end of the Policy Term.

Variant 4 - Income Protection Cover - Inflation proof Income

Parth a non-smoker, 35 year old software developer wants to safeguard his family from financial uncertainties that could arise due to his untimely demise and is looking out for a plan that could provide an inflation proof monthly income to his nominee(s) to ensure the similar level of financial stability during his absence. He purchases Axis Max Life Smart Term Plan Plus *Income Protection Cover variant*, for Rs.1 Lac as monthly income applicable at the time of death and choose *Inflation proof Income* as an option with policy term of 40 years and pays Rs. 41,515 annualised premium for the entire policy term.

In case of the death of Mr. Parth during the 17th policy year, provided the policy is in force, the Guaranteed Death benefit will be payable in the form of 'monthly income applicable at the time of death' i.e. Rs 1.5 Lacs commencing from the end of the policy month on or after the date of intimation of death and continue for each policy month till higher of 120 months or the outstanding term in months. Where outstanding term in months is equal to number of whole months from the date of death to the end of the Policy Term.

'Monthly income applicable at the time of death' is equal to the monthly income chosen at inception increased by 10% every 3 years (simple interest) from inception capped at 200% of the monthly income chosen at inception.

Definitions:

"Annualised Premium" shall be the premium amount payable in a year excluding taxes, rider premiums, underwriting extra premiums and loadings for modal premiums.

"Sum Assured on death" means an absolute amount of benefit which is guaranteed to become payable on death of the life assured in accordance with the terms and conditions of the policy.

"Sum Assured on Death" is equal to Absolute Amount Assured to be Paid on Death in accordance with the plan variant chosen as defined below:

- For Plan variant 1 & 3 ('Regular Cover' and 'Return of Premium') – the Absolute Amount Assured to be paid on death is same as base sum assured throughout the policy term.
- For Plan variant 2 ('Smart Cover') – the Absolute Amount the Assured to be paid on death is 150% of base sum assured in case of the death of life insured within the first fifteen policy years and 100% of base sum assured in case of the death of life insured after first fifteen policy years.
- For Plan variant 4 ('Income Protection Cover') - the Absolute Amount Assured to be paid on death is higher of 120 times 'monthly income applicable at the time of death' or 'monthly income applicable at the time of death' times outstanding term in months. Where outstanding term in months is equal to number of whole months from the date of death to the end of the Policy Term.

The policyholder will have the choice to opt for either 'Level Income' or 'Inflation proof Income' options basis which the 'monthly income applicable at the time of death' will be decided. The 'monthly income applicable at the time of death' is defined under the 'description of product' section above.

"Guaranteed Death Benefit" is defined as higher of:

- a. For Single Pay - 1.25 times the Single Premium plus underwriting extra premium, if any;
For Other PPTs - 10 times the Annualised Premium plus underwriting extra premium, if any,
- b. 105% of Total Premiums Paid plus underwriting extra premium paid plus loadings for modal premiums paid as on the date of death,
- c. Absolute Amount Assured to be paid on Death

"Total Premiums Paid" means total of all the premiums paid under the base product, excluding any extra premium and taxes, if collected explicitly.

"Terminal Illness" Refers to a life-threatening, progressive, irreversible and incurable condition resulted from a disease or injury, wherein despite the exhaustion of all possible medical interventions for any intention or pursuit of curative measures, the Life Assured faces an inevitable natural death within a fore-seeable timeframe within six (6) months, consistent with the clinicopathological prognosis associated with the said disease or injury.

"Accident": An Accident means sudden, unforeseen and involuntary event caused by external, visible and violent means.
